Old Business:

Stadium Seats installs/WVU game rental seats – This is our biggest fundraiser.

We receive a portion of the cost of each of those installed permanent season seats. We get \$1.50 per rental chair (10%) \$22,000 – 1st game and \$17,000 – 2nd game.

Stickers – forgot to print sponsor on the blue seats. We will be asked to apply the stickers this year for \$2500 (so another sticker installation will be required when the stickers arrive)

Then new backs will be sent and we will install next year.

Expectations – Incident at last install where kids got into press box and got caught. Very upset.

Absolutely no one can be on the football field during install or uninstall at the end of the season.

Rental seat expectation –Wear a red/blue band shirt. Park wherever there is parking (paid or there free parking at Suncrest Towne Center and a shuttle that runs two hours before and after the game). You should NOT leave the stadium after you are done renting seats. You must stay in the stadium. You can watch the halftime show/2nd half game where there is no one sitting. Then pick up rentals and stack them on carts after the game.

Direct people to the ATM if they don't have cash. There is also a new online rental option so if someone comes up and says they ordered one online, give them a seat.

Need to discuss this fundraiser much earlier so freshman parents understand how important it is. Upper classmen could make a video about game day rentals. The coordinator had instructions in a packet with money. Post instructions on website. FAQ for stadium seats.
